

DUNSTAN HILLS

Dunstan Hills is a people-oriented organization that believes in workplace wellness, values their staff, mutual respect and teamwork. We encourage our staff to strive for their best, take responsibility and deliver top quality work ethics.

The number of staff we hire varies, depending on the business needs and time of year. During Summer harvest season, we require approximately 80 pickers and 40 packhouse staff.

We look forward to welcoming new and returning workers to join us for another wonderful season!
